

*To see many in Elmhurst and the surrounding communities living undivided lives outside the walls of our church because of our commitment to gospel-centered, relational disciple-making. Those living life on mission will reach the lost boldly, connect to the church authentically, lead their families faithfully, serve the city compassionately, and engage the culture intentionally.*

We recognize that a vision is not about what is happening now, but what we believe could happen if we, as a church, equipped people to move from seeking Jesus to serving Jesus through the gospel.

At Cityview Community Church, we envision our sharing the good news of Jesus' death and resurrection winsomely and boldly with thousands in Elmhurst and the surrounding communities, many of whom will lovingly respond in repentance and faith.

We envision becoming a church centered on transformational community where many participate deeply in our Community, Spur, and Journey groups, creating a safe place for us to love, encourage, shepherd, train, forgive, serve, and minister to one another.

We envision fathers and mothers living out the roles for which God created them, faithfully leading their families as they disciple their children, pray for and with them, and study the Word and worship together at home. To that end, we will equip parents to do this well, and encourage our God-given singles to participate actively in this through community living and relational disciple-making.

We envision serving Elmhurst and the surrounding communities conspicuously, compassionately and unceasingly through regular participation in city life, partnering with other churches and organizations for service, proactively seeking places and ways to help, and pursuing social justice while lovingly meeting the real physical needs of those within our reach.

We envision helping all our people—youth as well as adults—to discover their unique design so that they are equipped to engage culture intentionally, especially in their vocations. Our people will function as the priesthood of all believers, and by their faithful presence in the world—whether the workplace, neighborhood, or city—model gospel life and affirm the goodness of God's creation.
